Illustrating his ideas he cited a number of very amusing anecdotes and stated that in order to promulgate democracy in the schools the pupils should be taught self-control and self-improvement, and that the teacher should, above all things, have faith in the pupil, no matter how dull he might be. There is some good in everyone. This one redeceming feature should be fostered in every way possible.

EASTERN STAR ELECTS ITS NEW OFFICERS

Special to The Tribune. PARK CITY, Utah, Dec. 13.-Mountain chapter, No. 2, Order of Eastern Star, a their regular meeting last evening elected the following officers for the coming year. Mrs. Kate Thomson, W. M.; Mrs. John Diem, A. M., Mrs. J. F. Richardson, treasurer; Miss Maud Gray, secretary; Mrs. E. E. Whitehead, conductoress; Miss Minnie Kescle, A. C., and W. A. Raddon, W. P. After the meeting light refreshments were served and a social time had. Installation next Saturday night

Some little excitement was caused on Main street about 10 o'clock this morning by the team belonging to Heal's milk wagon becoming frightened and taking a lively turn down the street. A twelve-year-old boy who was in the wason at the time was thrown about twenty feet against the curbing, but was not injured.

This pay-day has been rather a lively one, and it now begins to look as if we might have a good Christmas in the camp. This afternoon the long-wished-for snow has come, and this will no doubt stimulate business and decrease the amount of sickness.

All in all as the Christmas time ap-proaches the prospect for a merry one ecomes brighter.

BEET FACTORY WILL

BE A SURE GO

Special to The Tribune RICHFIELD, Dec. 13 -There is no doubt of the success of the project of a sugar factory for Sanpete and Sevier countles, so far as this county is con-cerned. At a meeting of the farmers and others of this county held in this city yesterday the proposition was enthusiasti-

cerned. At a meeting of the farmers and others of this county held in this city yesterday the proposition was enthusiastically entertained, and it was unanimously voted, after a general discussion of the character of the plant proposed and the contract that would be required of the growers, to enter into the proposed agreement with the factory crowd. Committees were appointed to carry out the will of the convention.

There were about ninety or a hundred representative citizens of the county present. Every precinct was represented except Salina and Aurora. P. B. Locker of Salt Lake represented the factory people and iaid before the farmers the kind of a factory proposed and the contracts. It is proposed to put in a factory to cost at least \$750,000, with cutting stations and pipe lines at suitable places along the ling of the railroad.

The company proposes, as an inducement to the farmers and as a matter of convenience all around, to have switches put in at all stations, to put up storing bins to take care of the beets in case the railroad company should become short of ears, as has been the experience in this county in the past, and to build elevated platforms alongishe of the track so as to do away with the unhandy and laborious method heretoforer required in loading the beets onto the cars.

As a consideration for all that the company proposes to do, it requires that the farmers shall enter into a contract to plant, cultivate and harvest not less than 8000 acres of sugar beets to be delivered at the factory or its cutting stations for a period of five years. For these beets the company agrees to pay at the cars \$4.25 per ton for beets going 15 per cent of beeter, and to take and pay for all beets after the 18th day of October whether orders have been given to dig or not.

These propositions on the part of the proposed company were considered so much better than those heretofore obtained by the beet growers of this county that after a general discussion of the factory will be present. This committee consists f Redmond.

This committee was also empowered to took after the canvassing for the required.

taxpayer and you will be entitled to vote on the million-dollar bond election. All the proof that you need to furnish is to swear that you have paid taxes in the year 1904. Such is the law on the subject, as provided in the statutes of Utah.

as provided in the statutes of Utah.

Assistant City Attorney W. H. Bramel said that was the only proof a man was required to furnish as to his qualifications. "His own oath is the only testimony a man has to adduce to back up his statement," said he. "Of course, this gives many persons a chance to vote who have no right to. But you can't require more proof than would be asked for in a court of law. If you insisted on proof, fifty-two sheets would be necessary, with lists of all the taxpayers in the city. That would keep a whole regiment of clerks in the Treasurer's office busy for a month. You would have to supply each registrar with a complete list.

"It is no less than is required at a general election. No man has to prove that he has lived in the State a year, or in the city sixty days. All that can be insisted on is that naturalized citizens shall show their naturalization papers.

"If any person's yote is challenged, it

city sixty days. All that can be insisted on is that naturalized citizens shall show their naturalization papers.

"If any person's vote is challenged, it can be sworn in. Then, if he or she has perjured himself or herself, he can be prosecuted for perjury. But this is hardly an election where ringers will try to get in their work. There is no graft to be benefited by the ringing-in of illegal voters. There are no jobs to be gotten, so it is hardly likely that any one will prevail on those who have no right to try and vote."

Very little registration took place yesterday. At 4:29 only one registrar had reported to the City Recorder. She announced that "If one more person registered she would have one additional registration." But it is hardly thought that there will be any more registration at all. People who will not vote at a Presidential election are not inclined to use their privilege of voting at any election.

All persons who have paid, or will have paid, a property tax in Sult Lake City for the year 1904 are qualified voters at the election on January 3. By property tax is meant a tax on property, either real or personal. Poll taxes do not count. In his orders to the registrars, City Recorder Critichlow says:

"A list of all persons registered, both at he general registration and at the special registrations, should be certified to the judges."

Tuesday, December 27, is the next day

on which persons may register. That is for the benefit of persons who did not register at the Presidential election

Supreme Court Decides Woman Must · Pay Judgment or Go to Jail.

Special to The Tribune,

BUTTE, Mont. Dec. 12.—Mrs. C. Downey must go back to jail and stay there until she has paid \$247 to David Trotter or show she cannot pay it. This is the decision by the Supreme court filed in the District court today. Judge Clancy is thus sustained in his rulings in the case, which has attracted considerable attention.

Mrs. Downey was indebted to David Trotter. He brought suit against her in a justice court and obtained judg-ment. The execution issued against her was returned subsequently as unsatisfied by the Sheriff. Next it was dis-covered that she was in possession of \$2000 insurance money and she was or-dered by Judge Clancy to pay the \$247 out of this amount. She refused and was sent to Jall for contempt of court. Mrs. Downey next appealed to the Su-preme court and was released, temporarily, under a writ of habeas corpus after several weeks imprisonment, She was re-arrested tonight.
